

Chronological Understanding:

Step 1: Older - Newer

Do you recognise these buildings?
Put these 2 pictures into chronological order
oldest – newest
(You will have to work out what criteria to use –
how do you know?)

Step 2: Create a sequence. Can you add another picture?

- Is it older?
- Is it newer?
- Is it the oldest?
- Is it the newest?
- Where would you place them in order?

Add more inference by asking the same question – older or newer?

Task: Sort the pictures (A-G) from the word document sheet into chronological order. Place them in a line with the oldest on the left and work your way along. The last picture should be the one that you think is the newest.

Extension activities:

- **Next:** Having put them in sequence, match up the building and date from the following slides.
- Step 3: Add the houses to a timeline.
- Use the links to look up more information about these buildings in Swavesey.

Opened

Date: 15th May 1924

Attended by: Lord Lieutenant of Cambridgeshire (and Isle of Ely);

Before the Memorial Hall was built the Roll Of Honour to those Swavesey men who died in the Great War, was fixed onto a plinth between two brick pillars on the frontage of the site.

Memorial Hall about 1930 when wooden fences blocked off part of the frontage. The site was bequeathed to Swavesey Parish Council by Mr George Long ...in 1902. The Memorial Hall was built to honour the men of Swavesey who lost their lives in the Great War and was opened in 1924. In 1936, when part of the National School was declared unsafe, the hall was used as classrooms, Owing to the outbreak of the Second World War the temporary arrangements continued for over 10 years. Caretaker Ern Prior cleared the desks and chairs each weekend, so that the hall could be used for village functions, such as dances and concerts. J.S.
