Y5/6 World War II Optional Homework (Autumn term)

The aim of these topic tasks are to provide the children with more opportunities to develop the 5Rs - readiness, responsibility, reflectiveness, resourcefulness and resilience; to promote a growth mindset, independent learning and to inspire a love of learning within the children. These are the learning attributes that will help the children to become successful students both here and when they move onto secondary school. Although many of the activities are practical the children may need to carry out some research using books, the internet, pictures, paintings and artefacts before beginning the task. We hope you will encourage your child to participate and support their endeavours - but the more independently your child works the better! The children will be able to share their learning with the class throughout the term.
